

Gym mat Everroll

Our robust rolls of REGUPOL everroll classic are the ideal floors for fitness centres – with a wide range of décor possibilities. Everroll is a hard-wearing, robust, durable and noise reducing flooring for your fitness centre. REGUPOL everroll classic offers you a visually sophisticated flooring, as you can choose from a variety of decors and the surface does not reflect incident light. Even with large window facades or bright light sources, your customers will not be disturbed by reflecting light and the floor colours will remain clear.

Product Characteristics

Everroll is a gym and fitness floor with structure-borne noise reducing abilities. Resilient floor covering made of PUR-bonded SBR-granulates, with 20 % EPDM colour content.

- Comfortable
- Robust
- Durable
